

## 2019 Market Newsletter

## Issue #1

### January 2019

A Happy New Year and best wishes to all!

As 2019 begins it is time to look at what the market has been last year and to look forward to a new year of Farmers and Artists market in Invermere.

First of all, we thank all vendors and visitors for your participation during 2018. It has been quite the year for our market community. We have seen how the market evolved during the season to a well-oiled machine catering to the wishes of our visitors and offering solutions to problems and incidents. How our community came together when Arnie Sahlen had his piano removed. All in all, a good year!

Looking ahead to 2019, we would like to take the opportunity to ask you to fill in an online evaluation form so we can make a good market better. As we have mentioned during the year, we would like to relocate our market to the large parking lot behind the Source, BMO and BC Liquor Store. Our ideas are formulated within the evaluation form and we shall take all answers and ideas into consideration. Once all the results have been received, we shall evaluate and proceed further. Please fill the form in before January 31, 2019.

The online evaluation form can be found on our website, <http://www.invermeremarket.com/>

Applications for the 2019 market will open March 1, 2019. The Invermere Farmers and Artists Market is a local market and as such local vendors, farmers and artists applications will have priority until April 12<sup>th</sup>, after that all applications will be taken under a space available consideration.

Thanks for your time and effort, Together Everyone Achieves More!
