

## 2019 Market Newsletter

## Issue #4

**March 2019**

Hello all,

Many vendors have reacted to our Newsletter Issue 3 with emails supporting our proposal to move to a new location.

Thank you for your time and effort.

In order to start getting things started for the 2019 season we are opening the Online Market Application. This application is in the “new location” format with a choice of 4 different types of stalls;

**Single** frontage stall, 10x10, similar to the 2018 stalls  
@\$25/day, \$35/long weekend or \$280/year

**Double** frontage corner stall, 10x10, similar to the 2018 corner stalls  
@\$30/day, \$40/long weekend or \$350/year

Single frontage vehicle stall, 10x30, **Nose in**, drive in and reverse out,  
@\$30/day, \$40/long weekend or \$350/year

Single frontage vehicle stall, 10x30, **Roll in-Roll out**  
@\$35/day, \$45/long weekend or \$420/year

As there is a reduction of number of stalls in the new location, we will filter vendor applications more strictly.

If the District of Invermere does not accept the move to a new location, we will revert to last years’ location. There is still the need to address market flow and vendor equity issues which will likely result in price changes and may result in vendors having to park elsewhere.

On page 2 of this News Letter is the proposed layout for 2019

On our website, [www.invermerefarmersmarket.com](http://www.invermerefarmersmarket.com) you may find the latest Newsletter as well as the online application form.
