Born and raised valley residents.

We are retired and love doing the markets for some added enjoyment.

Meeting and socializing with new and old friends just adds to the market fun.

Traditionally made Bannock, AKA: Fry-bread, elephant ears, saddle blankets.

Our Fry-bread is made without yeast, milk or eggs.

Fry-bread is made fresh, fried to a perfected golden brown and served with a variety of different topping of your choice.

Deep fried Pickle Spears.

Pickles are fried to a crisp golden brown and served with a cold ranch dressing to tantalize your taste buds.

We have ice cold drinks as a refreshing treat on hot and sunny days..
